"Our previous station, though steeped in history, had become outdated and inadequate to meet the evolving needs of our growing community. This new station represents not only a physical upgrade, but also serves as a symbol of our commitment to providing the highest level of service and safety to our citizens. This state-of-the-art facility will enable us to enhance our operational efficiency, response times, and overall effectiveness in keeping our community safe," said **Dave Boysen, Chief of Kalamazoo Public Safety.**
